## INSTRUCTIONS FOR TELEPHONIC APPEARANCES

### 1. Procedures To Be Followed

Telephonic appearances are arranged through Court Conference (phone 1-866-582-6878), a service of Communications Corporation. Court Conference is an independent conference call company that arranges conference calls on a national and international basis for business. The cost of appearing telephonically is \$40.00 plus \$.53 per minute for each minute over 30 minutes. If you do not have an account established with Court Conference, you must provide a credit card number at the time of making your reservation. Reservations can be made by telephoning or faxing your request to Court Conference. The requirements are set forth on the attached request form.

Shortly before the Court is ready to call your matter, the Court Conference operator will contact the participant as prearranged. **All participants MUST be available when called.** If the participant is not available when called, you will be billed for the call and the hearing may proceed in the participant's absence. The Court may impose sanctions as set forth below.

Telephonic appearances are connected directly with the courtroom's public address system and electronic recording equipment so that a normal record is produced. To ensure a quality record, the use of car phones, cellular phones, public telephone booths, or phones in other public places is prohibited except in the most extreme emergencies. Participants should be able to hear all parties without difficulty or echo.

At the time of the hearing you may initially be in the listening mode in which case you will be able to hear the case before yours just as if you were in the courtroom. After your call is connected to the courtroom, the Judge or Courtroom Deputy will call the case and will ask for appearances, and the Judge will direct the manner in which the hearing proceeds. Each time a participant speaks, he or she must identify himself or herself for the record. The court's teleconferencing system allows more than one speaker to be heard so that the Judge can interrupt a speaker to ask a question or redirect the discussion. When the Judge informs the participants that the hearing is completed, the participants may disconnect and the next case will be called.

### 2. Sanctions

Telephonic appearances by multiple participants are only possible where there is compliance with every procedural requirement. Sanctions may be imposed when there is any deviation from the required procedures or where the Court determines that a person's conduct makes telephonic appearances inappropriate. Sanctions may include dropping the matter from the calendar, continuing the hearing, proceeding in the absence of an unavailable participant, a monetary sanction of **\$100** or more, and/or a permanent prohibition against a person appearing telephonically.
